Body

GENEVA, June 16 -- **FORTESCUE** METALS GROUP LTD (Level 287 Adelaide TerraceEast Perth, Western Australia 6004) filed a patent application (PCT/AU2023/051248) for "ISOLATION SYSTEM" on Dec 04, 2023. With publication no. WO/2024/119222, the details related to the patent application was published on Jun 13, 2024.

Notably, the patent application was submitted under the International Patent Classification (IPC) system, which is managed by the World Intellectual Property Organization (WIPO). Inventor(s): GOYNICH, David (c/- **Fortescue** Metals Group LtdLevel 287 Adelaide TerraceEast Perth, Western Australia 6004), SHAW, Edward (c/- **Fortescue** Metals Group LtdLevel 287 Adelaide TerraceEast Perth, Western Australia 6004) Abstract: A switchboard, comprising: a housing accommodating a module configured to selectively deliver power to plant equipment, with the housing including an opening providing access to the module and a supply arranged outside of the module for supplying power to the module; and a cover that is transitionable between a closed condition in which the opening is closed by the cover and an open condition in which the opening is not closed by the cover; wherein the cover and the supply form an interlock that is configured to interrupt the supply of power to the module when the cover is in the open condition. The switchboard may, for example, be used as part of a remote isolation system wherein the module includes a remotely driven isolator.
